SOUTHERNERS LEAD. Georgia Tech Scored 420 Points Football.

The close of the intercollegiate football season finds both the team and individual scoring honors held by a Southern eleven and player. A comparison of the records of the leading teams of the East, South and Middle West shows that the Georgia Tech combination scored 420 points in nine games with Georgetown University a close second with 412 while left halfback, Gilroy of Georgetown, leads the indiviudal point collectors with a to-

tal of 139 points and Oliphant, of the Army team, is second with 112.

Gilroy has scored 18 touchdowns and 31 goals during the season to date and still has a chance to increase these figures in the contest to be played against Tulane at New Orleans on December 9. Oliphant's record is a more versatile one since he has made 13 touchdowns, 21 goals and four field goals. Maulbetsch of Michigan is a close third with 12 touchdowns, 21 goals and one field goal. None of these players equalled the record made by Capt. Barrett of the Corneli eleven of last year, for the the Cornell eleven of last year, for the latter rolled ly a total of 162 points with 22 touchdowns, 27 goals and one field goal. Gifroy was second in 1915 with 86 points and Hastings of Pitts-burgs third with 76.

The records of the leading elevens in total points scored and the players who have collected the largest number of points, it ividually, follow:

Without Fielding the Academy would have undoubtedly won, but they were unable to keep track of the fleet footed Indian, who ripped the Academy line to shreds for gain after gain. It was simply a case of too much Fielding and the schoolboys realized that fact even before the first three minutes of play. Besides his terrific line plunging, Fielding missed a drop kick goal by a few inches from the 40 yard line. On the defense it was equally as well. defense it was equally as well.

Fielding, playing fullback, for the All-Collegians, practically single-handed pounded out a victory over the Academy on the campus Saturday afternoon in the final game of the season, which furnished more excitement and sensations than any other previous game played on the campus, during the past season. When the referee's final whistle blew the speedy Fielding had piled up 25 points while the school boys had succeeded in crossing the

BASEBALL FRATERNITY IS

GROWING IN STRENGTH Demonstrating Its Ability to Get Benefits for Its Members.

New York, Dec. 3 .- In his annual report to the directors of the Baseball Players' fraternity, made public today, President David L. Fultz states that the organization, which has completed its fourth year, continues to grow in strength and is demonstrating its ability to accomplish benefits for its members. Although two of the major league clubs Philadelphia and Cleveland Americans, are not in the frater-nity, and the Chicago American club players have shown a lack of interest, the organization has a large represent-ation and is stronger than ever in all the other major league clubs, Fultz as-

serts.

In the minor leagues, according to President Fuliz, the fraternity has made more rapid strides. Three class AA clubs, Baltimore, Indianapolis and AA clubs, Baltimore, Indianapolis and San Francisco, are not in the organization, but membership in the others is increasing rapidly. Every club in the Southern association is represented with its entire strength except the offibile club, while there is room for improvement in the membership from the Western league. The return of a number of Federal league players increased the active membership considerably during the past season and the total enrollment consists of 1,215 members.

President Pultz states that, according to reports made to him, players have been forbidden to ajin the fra-ternity from the Philadelphia Americans. Indianapolis and Denter clubs, and adds that if this be true all three clubs have violated the fraternity agreement which says there shall be no discrimination against fraternity members. members.

As to what has been accomplished

officially since Oct, 1, 1915, the executive says that in 540 cases advice has been given to players; monthly financial statements have been furnished to the directors; seven bulletinsc were sent to the representatives of the 44 clubs which comprise the organization; 47 meetings with various clubs were held, at which an average attendance of 80 per cent, of the membership was

Many claims of players were taken up by the fraternity on formal affi-davits during the past year. If these, it were decided in favor of the players by the national commission, which, in every instance, sustained the claim. Out of 11 cases brought before the poord seven were 3% favor of the players, three met with 3% adverse decisions and no action was taken on one claim. Five out of six complaints of players against clubs were allowed and three others which
